

# Goodbye To Yesterday

No Angels

All our planets used to fade and our days  
They don't circulate the same opinion no more  
No All the colours turned to grey  
We've done a straining  
Our relationship is sailing of the shore

Yeah, yeah, yeah, yeah  
I'm sick of living this way  
Yeah, yeah, yeah, yeah  
But I know it's gonna change

No matter if it's right or wrong this time  
We gotta leave the past behind  
There is nothing more to say  
So goodbye to yesterday  
Standing at the point of no return  
As the tears run down my face  
No turning back  
I wonder that  
So goodbye to yesterday  
Goodbye to yesterday

I don't know where we went wrong  
But the guides we're wrong  
It's just killing everything that just to be  
Everyday is the same old song  
No we can't go on  
Covering our eyes from the reality

Yeah, yeah, yeah, yeah  
I'm sick of living this way

Yeah, yeah, yeah, yeah  
But I know it's gonna change

No matter if it's right or wrong this time  
We gotta leave the past behind  
There is nothing more to say  
So goodbye to yesterday  
Standing at the point of no return  
As the tears run down my face  
No turning back  
I wonder that  
So goodbye to yesterday  
Goodbye to yesterday

Just say goodbye  
To the days we had  
Yeah, yeah, yeah, yeah  
We're sayin' goodbye to the love we shared  
No matter if it's right or wrong this time  
We gotta leave the past behind  
There is nothing more to say  
So goodbye to yesterday  
Standing at the point of no return  
As the tears run down my face  
No turning back

I wonder that  
So goodbye to yesterday
