

## Keep On

## No Authority

Keep on, keep on girl, it's on and poppin'  
Keep on, keep on, ain't no need for stoppin'  
Keep on, keep on, just do it if you like it  
Keep on, keep on, 'cause I like it

The party's at my house  
It's on and poppin' till the break of dawn  
I'm in need and want  
Of someone special, you might be the one for me

Every time you walk my way  
Girl, you know I've got to say, say ooh  
Every time you look my way  
Girl, you know I've got to say, say ooh

Have I seen your smile before  
I think I saw you in my dream last night  
Don't blame me for calling you up, baby  
This opportunity I can't ignore

Every time you walk my way  
Girl, you know I've got to say, say ooh  
Every time you look my way  
Girl, you know I've got to say, say ooh

I see the fellas here  
From down the street  
So tell me ladies  
If you're down with me  
We all can kick it like we family  
If you're with me then feel me when I say

Girl, I like the way you do your thing  
That's why I kick the rap and the homeboys sing  
When I get deep, I'll put a rock on your ring  
You could be my queen and I could be the king  
Yeah, you can laugh, 'cause it sounds kinda funny  
But the man you're with now, he don't got money  
He don't treat you right, I'll love you like there's 4 of me  
Do what we want, go where we want, No Authority
