

# Never Had A Lover

No Authority

Girl, I never met anyone quite like you before  
When you walked by, you caught my eye  
And my heart just dropped to the floor

Day and night, spent my whole life  
Trying to find the one to hold  
I'd been let down, lost my heart  
Guess that's just the way it goes

But baby, you came along and set me free  
And now I know how love should be

I never had a lover  
Never had a lover like you  
Never had a lover like you in my life  
You make everything so right

I never had a lover  
Never had a lover like you  
Never had a lover like you in my life  
Like the sun you shine so bright

Ooh, oh, yeah, yeah.  
Said all the right things that I need to hear  
You never let me feel alone  
With every kiss, I shed one less tear  
I couldn't make it on my own

If you hadn't come along and set me free  
I'd never know how love should be

I never had a lover  
Never had a lover like you  
Never had a lover like you in my life  
You make everything so right

I never had a lover  
Never had a lover like you  
Never had a lover like you in my life  
Like the sun you shine so bright

I give thanks for you and all that you do  
You made my dreams come true  
Just take my hand and we'll fly together  
I never had a lover like you

Someone who loves me, ooh  
Oh, oh, oh, oh yeah

I never had a lover  
Never had a lover like you
