

## In A Moment

No Fun At All

This is a place where everything is green and bright  
In a momomomomoment  
If you stay a little while you'll see I'm right  
In a momomomomoment yeah

You'd better start your meditation  
Oh if you gonna fly  
You'd better start your meditation  
Oh if you gonna fly into the light

This is a place where everyone is on your side  
In a momomomomoment  
Just relax and sit right back enjoy the ride  
In a momomomomoment
