

Sucker (For a Plan)

No Fun At All

So you think you know what's going on inside my head
Deep in every wrinkle it's so easy to pretend

Your demons, I will never ever understand
Your demons, well it's really getting out of hand

You made it sound so good this time
I'm just a sucker for a plan
You know what I want it's not that much
Damn you, I wanna fight

So you think it's easy to be stuck with my regrets
All the things I told you I would rather have unsaid

Your demons, I will never ever understand
Your demons, well it's really getting out of hand

You made it sound so good this time
I'm just a sucker for a plan
You know what I want it's not that much
Damn you, I wanna fight

Good or bad decisions?
I wanna have the upper hand
I'm stumbling in the dark here
Completely blind
Good or bad decisions?
I wanna have the upper hand
I'm stumbling in the dark here
Completely blind
