

Suitable Victim

No Fun At All

I heard a voice from a distant land
Quite weak but ever so frightening
I guess I had it coming
To be the suitable victim

Dismissed for all good reasons
Insisting, always pleasing
In time you'll get it right

I jump a lot of fences
And try to cover up my distress
I don't wanna get even
But I walk on water to come home
Oh yeah, yeah yeah

I made my point to the bitter end
Woke up with a hole in my head
Though I guess it's well secluded
And time is ticking away now

Dismissed for all good reasons
Insisting, always pleasing
In time you'll get it right

I jump a lot of fences
And try to cover up my distress
I don't wanna get even
But I walk on water to come home
Oh yeah, yeah yeah

I jump a lot of fences
And try to cover up my distress
I don't wanna get even
But I walk on water to come home
I jump a lot of fences
And try to cover up my distress
I don't wanna get even
But I walk on water to come home
Oh yeah
