

Highly Flammable

No Innocent Victim

Make me ignite
Make me ignite
So dark, so empty, desolation
Make me ignite
So cold, so stale, isolation
Make me ignite

I know there needs to be a change
This place oppresses, hearts grow dull
Deny myself, the flesh is dead and dry
Send one spark, I'm highly flammable

Tapped out and defeated
All strength has been depleted

I know there needs to be a change
This place oppresses, hearts grow dull
Deny myself, the flesh is dead and dry
Send one spark, I'm highly flammable!

Make me ignite
New life, new hope, new purpose
Make me ignite
New hope, new purpose, new fervor
Make me ignite
New purpose, new fervor, pass the fire
Make me now, make me ignite
