

Daniels

No Knife

Brick layed baby with legs to her pits
Tell them little boys ride them bmx`s home
Went on a four day drunk in my machine
Hit the blood jackpot and legs is gone
Hit the blood jackpot and legs is gone
Went on a four day drunk in my machine

Blurry week of the greatest-
An SM300 strapped on my back
Can`t remember the latest
My veins all coursing with the
spirit of jack
