

## Kiss Me Stupid

No-Man

starving heart -  
still beating, still breathing.  
starving heart still breaking.  
blazing youth -  
turned careless, turned stupid.  
blazing youth turned ugly.  
chorus:  
listen to me until I'm all talked away.  
listen to me - scream wild, fall free.  
distant fires -  
like beauty, like boredom.  
distant fires consume me.  
falling free -  
you catch me, you hold me  
falling free, you touch me.  
(chorus x 2)  
kiss me stupid.  
kiss me free.  
(chorus x 2)  
kiss me stupid.  
kiss me free.
