I'm not alone 'Cause I believe in love I'm not alone 'Cause I believe in love I'm not alone When the night gets cold Loneliness whistles through the window I know that she still loves me And when we're apart Others come and go for a while I know that she still loves me I'm not alone 'Cause I believe in love I'm not alone 'Cause I believe in love I'm not alone I've been around the world Many faces played a role But I know she still loves me And I won't mistake any love to be as true 'Cause baby, I knew she still loves me I'm not alone 'Cause I believe in love I'm not alone 'Cause I believe in love I'm not alone Do, do you Do you know how much I need you? Do, do you Do you know how much I care for you? Care for you I'm not alone 'Cause I believe in love I'm not alone 'Cause I believe in love I'm not alone I'm not alone 'Cause I believe in love I'm not alone 'Cause I believe in love

I'm not alone
