

Shells

No Motiv

It's been a long time since we've gone
Those summer days are done
I won't forget those times we walked
By the tide pools skipping stones and shells
Those days I'll always miss
I can see us running down their road
(me and you alone)
and as the sun sets down again we'll go
back to that place where we belong
Let's take a long walk down this beach
Put memories in reach
And watch the ebb tide wash away
The worries of the day
And now it all seems like a dream
It seems like a such a dream
I can see us running down their road
(me and you alone)
and as the sun sets down again we'll go
back to that place where we belong
