

## Change It All

### No Resolve

There is a place in us all  
One that makes us feel so alone  
How could we know what's to come  
If I could go back would it all be gone

We learn from our mistakes  
The choices that we've made  
What would you give to change it all  
I'd give up everything I love

Looking back at it all  
I wish I could right all the wrongs  
If I knew then, what I know now  
Would it end up the same or come crashing down

We learn from our mistakes  
The choices that we've made  
What would you give to change it all  
I'd give up everything I love

We learn from our mistakes  
The choices that we've made  
What would you give to change it all  
I'd give up everything I love

Speak now or forever hold your soul  
Can you let go  
But if you fall down you can turn it around  
You know you're not alone

What would you give to change it all  
I'd give up everything I love

We learn from our mistakes  
The choices that we've made  
What would you give to change it all  
I'd give up everything I love
