

Never Back Down

No Resolve

I'll never back down
I'll never back down

I'll never back down
I get up, up, up
When I'm bleeding
Barely breathing
I'll never back down

Never back down
I'll never back down

I heard you thought I was six feet under
Wake up, wake up, wake up
But now it's your turn to face the fire
Wake up, wake up, wake up

You can try to kill me
But I'll rise again
Rise again

I'll never back down
I get up, up, up
When I'm bleeding
Barely breathing
I'll never back down
I get up, up, up
When I'm feeling
Broken and beaten

I got a fire in my soul
The fear's taking hold
But I'm taking control
Of my own life
I'll never back down
I get up, up, up
When I'm bleeding
Undefeated
I'll never back down

I'll never back down

I heard you thought I would run for cover
Wake up, wake up, wake up
But now it's my turn to pull the trigger
Wake up, wake up, wake up

I am, I am
I am, I am
The one and only witness
I got you on my hit list
I am, I am
I am, I am
The only one that lives it
You want it, come and get it
Oh

You can try to kill me
But I'll rise again
Rise again

I'll never back down
I get up, up, up
When I'm bleeding
Barely breathing
I'll never back down
I get up, up, up
When I'm feeling
Broken and beaten

I got a fire in my soul
The fear's taking hold
But I'm taking control
Of my own life
I'll never back down
I get up, up, up
When I'm bleeding
Undefeated
I'll never back down

I got a fire in my soul
The fear's taking hold
But I'm taking control
Of my own life
I got a fire in my soul
The fear's taking hold
But I'm taking control
Of my own life

I'll never back down
I get up, up, up
When I'm bleeding
Barely breathing
I'll never back down
I get up, up, up
When I'm feeling
Broken and beaten

I got a fire in my soul
The fear's taking hold
But I'm taking control
Of my own life
I'll never back down
I get up, up, up
When I'm bleeding
Undefeated
I'll never back down (Down)
Never back down (Down)
I'll never back down
