

Trust Me Not

No Resolve

I can't wait and you're taking your time
But you're not walking over me
Every night you always complain
About something making me insane

She trusts me not
Such a dirty mind
Deep down inside
I'd like to know
What it's like to die
Deep down inside

I can't stand the way that you are
But there is something about your mouth
It's so loud the shit that comes out
Is so crazy it's driving me away

She trusts me not
Such a dirty mind
Deep down inside
I'd like to know
What it's like to die
Deep down inside

Will she ever believe me
(Will she ever believe)
Will she run out of time
(Will she run out of time)

She trusts me not
Such a dirty mind
Deep down inside
I'd like to know
What it's like to die
Deep down inside

She trusts me not
Such a dirty mind
Deep down inside
I'd like to know
What it's like to die
Deep down inside
