I'm just a lonely boy, I don't know what's happening  
I'm just a lonely boy, I've been taking drugs again  
I'm just a lonely boy, I don't know what's happening  
I don't know what's happening, I've been taking drugs again

Every day I wake up I wanna die again  
Every day I wake up I wanna die again  
Every day I wake up I wanna die again

I'm just a lonely boy, I don't know what's happening  
I'm just a lonely boy, I've been taking drugs again  
I'm just a lonely boy, I don't know what's happening  
I don't know what's happening, I've been taking drugs again

Every day I wake up I wanna die again  
Every day I wake up I wanna die again  
Every day I wake up I wanna die again
