

# Skin Deep

No Secrets

Your tellin' me that I'm your queen  
That nothing matches me  
You're makin' me feel like a dream  
The way you flatter me  
Are you just another fake  
Or something special?  
Yeah, yeah, yeah, yeah, yeah, yeah

You're tellin' me that I'm too cool  
You say I'm beautiful  
I got to tell you I'm no fool  
I'm kinda cynical  
Boy, have you got what it takes?  
Something special  
Yeah, yeah, yeah, yeah, yeah, yeah

Don't think this beauty's skin deep  
(Yeah, yeah, yeah)  
I need more than you're giving me skin deep  
(Yeah, yeah, yeah)  
Get down to the bone  
Heart and soul, I've got to have it all  
It's got to be special  
(Special)

You sit me on the top of your world  
Can't take your eyes off me  
You say that I'm your candy girl  
Well that's oh so sweet  
Boy have you got what it takes  
Something special  
(Yeah, yeah, yeah)

Don't think this beauty's skin deep  
(Yeah, yeah, yeah)  
I need more than you're giving me skin deep  
(Yeah, yeah, yeah)  
Get down to the bone  
Heart and soul, I've got to have it all  
It's got to be special  
(Special)

Down, down, take it to the bone  
Get to the beauty within  
Down, down take it to the bone  
Got to discover me  
Down, down take it to the bone  
Open your mind and come in  
Down, down, take it to the bone

Don't think this beauty's skin deep  
(Yeah, yeah, yeah)  
I need more than you're giving me skin deep  
(Yeah, yeah, yeah)  
Get down to the bone  
Heart and soul, I've got to have it all  
It's got to be special
