

Stay Together

Noah Cyrus

I drank straight to my head
I went outside to smoke a cigarette
And I shattered my phone on the cement
But I don't give a fuck

Now I'm not making sense
I'm laughing at a joke that I don't get
I'm acting like these strangers are my friends
But I don't give a fuck

Yelling at the DJ
Bro your shit is boring
Doing things that I will not regret until the morning
Imma make it rain down
Another round is on me
I'm just here for fun and I don't care about the money

Oh oh oh oh
Nothing lasts forever
But wouldn't it be nice to stay together for the night
Oh oh oh
We can do whatever
As long as we're together then we're gonna be alright
Don't leave, just wait
You can tell your friends that you're staying out late
Singing
Oh oh oh oh
Nothing lasts forever
But wouldn't it be nice to stay together for the night

Alright alright finish your G and T
The Uber's here so now it's time to leave

Hey driver, could you pass the aux to me
Go ahead and turn it up

Head out of the window
You could call me shameless
Waving to my people now I'm acting like I'm famous
Tell him take the long way
We could see the sunrise
Damn you look so pretty when that sunlight hits your blue eyes

Oh oh oh oh
Nothing lasts forever
But wouldn't it be nice to stay together for the night
Oh oh oh
We can do whatever
As long as we're together then we're gonna be alright
Don't leave, just wait
You can tell your friends that you're staying out late
Singing oh oh oh oh
Nothing lasts forever
But wouldn't it be nice to stay together for the night

(For the night, for the night, for the night, oh yeah)
I drank straight to my head

I went outside to smoke a cigarette
And I shattered my phone on the cement
But I don't give a fuck

Oh oh oh oh
Nothing lasts forever
But wouldn't it be nice to stay together for the night
Oh oh oh
We can do whatever
As long as we're together then we gonna be alright
Don't leave, just wait
You can tell your friends that you're staying out late
Singing oh oh oh oh
Nothing lasts forever
But wouldn't it be nice to stay together for the night
