

## Back to Me

Noah Gundersen

Come back to me after the party  
After you're through with someone else's body  
After you're done having your fun  
Doing your drugs and not enough sleeping  
Come back to me  
Back to the garden  
Climb up the tree and sleep in the branches  
When the wind blows, when the ground shakes  
Hold on to me  
Hold on to me

Hold on to me...
