# Everywhere, Everything

**Noah Kahan**

It's been a long year
Would we survive in a horror movie?
I doubt it we're too slow moving
We trust everyone we meet

Two bodies riddled with scars from our preteens
Intertwine in a car's dirty backseat
And stare at a drive in screen

We didn't know that the sun was collapsing
'Till the seas rose and the buildings came crashing

We cried "oh"

Everywhere everything
I wanna love you 'till we're food for the worms to eat
'Till our fingers decompose
Keep my hand in yours

Everywhere everything
I wanna love you 'till we're food for the worms to eat
'Till our fingers decompose
Keep my hand in yours

Drive slowly
I know every route in this county
And maybe that ain't such a bad thing
I'll tell you where not to speed

It's been a long year
And all of our book's pages dog-eared
We write out the ends on our palms dear
Then forget to read

We didn't know that the sun was collapsing
'Till the seas rose and the buildings came crashing

We cried "oh"

Everywhere everything
I wanna love you 'till we're food for the worms to eat
'Till our fingers decompose
Keep my hand in yours

Everywhere everything
I wanna love you 'till we're food for the worms to eat
'Till our fingers decompose
Keep my hand in yours

Everywhere everything
I wanna love you 'till we're food for the worms to eat
'Till our fingers decompose
I'll keep my hand in yours
