

# Us No More

Noah Thompson

(We ain't us no more)

If you ever really loved me  
You should leave me alone  
If you ever really gave a good damn about me, then let it go  
I remember how you left me  
Left me nothin' but a mess  
And now I wish "leave me alone" left my mouth again

If you're thinkin' about comin' home again

Who you think you're foolin'?  
We all know what went down  
So don't go tryin' to change that story up  
When you're out drinkin' in this God-forsaken town  
So, baby, make your rounds  
But when you walk back out them double doors  
Remember we ain't us no more

Every day, you're still callin'  
Like you got nothin' else to do  
I don't know why you waste your time tryna change my mind  
When I've been through with you

If you think I'd ever take you back again

Well, who you think you're foolin'  
We all know what went down  
So don't go tryin' to change that story up  
When you're out drinkin' in this God-forsaken town  
So, baby, make your rounds  
But when you walk back out them double doors  
Remember we ain't us no more

There ain't no use in tryin'  
Girl, I'd just be lyin'  
If I told you I still think about you now

Well, who you think you're foolin'?  
Well, who you think you're foolin'?  
We all know what went down  
So don't go tryin' to change that story up  
When you're out drinkin' in this God-forsaken town  
So, baby, make your rounds  
But when you walk back out them double doors  
Remember we ain't us no more

(We ain't us no more)  
You and me ain't us no more  
(We ain't us no more)  
You and me ain't us no more
