

Adore

Noah

A stained wood heart
A soul made of screws
It's true that I am held together by Elmer's glue
When the sun shines through
I will lay with you
On a mountain colored Blue Ridge blue
Cause I'm in love with you

Je T'adore. Je suis amour de vous
And only you
And when that mountain seems to fall
I fall with you
Cause I'm in love with you

Dance & dance move
The way you move
The way you move
Dance & dance move
The way you move
I'm moved by you
