

## Learn From The Fall

Noah

Picking up stakes heading on the road  
Finally follow the sun  
Home in my heart but now I know  
That my days here are done  
I can't stay when it's so easy to be free  
But I can't stay  
I've got this feeling pulling me

But I'll hold on hold on to all those summer nights  
I swore to myself I would see those northern lights  
And I'll be taking with me every lesson every memory  
That keeps my going strong  
If I don't make it up the mountain  
I will learn from the fall  
Learn from the fall

Leaving everything and everything I know  
Time to say good bye  
Every time I try to shake it off and let go  
The past creeps in like a spy  
I can't say that it's been easy on the road  
But I can't stay cause every new city is my home

But I'll hold on hold on to all those summer nights  
I swore to myself I would see those northern lights  
And I'll be taking with me every lesson every memory  
That keeps me going strong  
If I don't make it up the mountain  
I will learn from the fall  
I'll take it on  
Pick up my pride and move along  
No more regrets  
It's not over yet  
As tough as it gets  
I'll take the hits

But I'll hold on hold on to all those summer nights  
I swore to myself I would see those northern lights  
Hold on hold on to all those summer nights  
I swore to myself I would see those northern lights  
And I'll be taking with me every lesson every memory  
That keeps me going strong  
If I don't make it up the mountain  
I will learn from the fall
