

WORMS (In My Brain)

NOAHFINNCE

Isn't it funny
All kinds of funny
And I'm so lazy
Try and hang around and it'll drive you crazy
And isn't it bad
That I'm just distracted but I'm still sad
Can't believe that this is where I'm at

Isn't it crazy that I'm still sad
Despite the love and all the care and the Friends I have
Isn't it crazy that I'm still sad
Isn't it crazy what squirms inside
These motherfuckers get stronger with pesticide
Isn't it crazy what squirms inside

I think it's driving me insaaaaaaaane
The worms in my brain
I changed my address
I changed my own name
Can't get away get away
The source of my pain
These worms in my brain
If I dig them out
I'd dig my own grave
Can't get away get away from them

I said to the doctor "take a look at my head"
Cos it's been ten long years since it's even been checked
He told me come over here
Took a look in my ear and said FUCK

You've got worms in your brain
They drive you insane
You changed your address
You changed your own name
Can't get away get away
The source of your pain
These worms in your brain
If you dig them out
You'd dig your own grave
Can't get away
Get away from them

I've GOT WORMS
I've GOT WORMS
I've GOT WORMS
INSIDE MY HEAD

I've GOT WORMS
I've GOT WORMS
I've GOT WORMS
INSIDE MY HEAD

It's really okay you know
I always wanted a pet and it's
It's actually kinda cute when they feed off my flesh
Sure they were kinda hard to deal with at first

But I kinda got used to the way that it hurts
And I really think you're overreacting
And it's kinda distracting
Like I know it sounds bad
Why are you looking at me like that
Hold on gimme two secs
There's one crawling out my ear right now
Man fuck these worms

I think it's driving me insaaaaaaaane
The worms in my brain
I changed my address
I changed my own name
Can't get away get away
The source of my pain
These worms in my brain
If I dig them out
I'd dig my own grave
Can't get away get away from them

I've GOT WORMS
I've GOT WORMS
I've GOT WORMS
INSIDE MY HEAD

I've GOT WORMS
I've GOT WORMS
I've GOT WORMS
INSIDE MY HEAD

I've GOT WORMS
I've GOT WORMS
I've GOT WORMS
INSIDE MY HEAD

I've GOT WORMS
I've GOT WORMS
I've GOT WORMS
INSIDE MY HEAD
