Money on my head still ride with the top off  
Really came from shit now a little nigga big boss  
I was on the phone every time there was shoots called  
Why the fuck I'm going to speak if a nigga don't know y'all  
Hit them 21 times like tunk  
Ain't got a hoe card  
If it ain't OG it's runtz  
I know the hood tried to lose me we won  
I got on two rollies still don't know what time it is  
I don't not know what I spent on designer gifts  
Pitchin out death threats we get em out of here  
Hope she got insurance I hit her from the rear  
I rock Alexander ignoring dancers  
She know she won't see me again  
She told me put it on camera  
I told her thanks for her manners

Niggas know it's like Chiraq up in that field  
I'm thuggin I'm still risking my career  
Tote more sticks than North Korea  
12 had did a sweep to many vacuum seals  
He not a gangster he just react up off of fear  
The neighborhood doctor you feel me  
I'm turning my problems to millions  
You die you jump in that water  
You cannot swim where the sharks at  
Vacant but I'm hearing voices  
Slime it can get poisoned  
Nigga you wasn't with me way way back when I was dead broke  
When couldn't make a sack turn even with a telescope
