

# Blind Nights

NoCap

Yea

Yea yea yea yea yea

Late at night I counted 10 with the lights off  
That shit was dirty I still ain't think 'bout grabbin' the Lysol  
You not in my league if I was Mike I still wouldn't bite y'all  
They didn't care when I was broke declined every phone call  
I'm tryna kill all my windshields  
I see the hate so I just turn on my defrost  
I think 'bout death I'm but still here  
My whole crew, they got hair but I'm still screamin' "We Ball"

They gon' think I'm with the Migos want me takeoff  
Cause [?] me I quit playin' ball  
My plug fronted me 50 like Zach Randolph  
Ain't got no job but if he play my youngin's layin' off  
We see the envy through windows  
Sometimes we hate to go outside (yea)  
My niggas ain't nothin' like a cheerleader  
but they can tell you they caught bodies (yea)  
Balenciagas cost a grand just to step  
So you gotta take the elevator  
And when we move we got assault rifles  
Yea, and they gon' shoot if we get aggravated (aggravated assault)  
Ain't wanna wake up we had dreams 'bout gettin' rich  
Them youngboys pull up on yo' Boulevard so quick  
I wish the neighbors couldn't smell 'cause they so noisy in the hood  
NoCap forever keep his metal he ain't goin' Hollywood  
Keep my Glock 9 but don't wanna be like Kodak  
Lil' Joe can probably ride on snow he keep a ski mask  
2 grand for features [?] and Ollie y'all couldn't beat that (come beat that)  
Now I got water like a ocean they ain't see that  
That day she cheated on me I read Janae messages  
but I ain't wanna be like Lucci (ain't wanna be like Lucci)  
Yea, in my hood we just buyin' more clips  
like we can't make it out this movie

Youngboys had dreams 'bout bein' rich  
Pull up to yo' Boulevard so quick  
Oh yeah  
([?] work for hire)  
Young niggas had dreams 'bout bein' rich  
(real shit)  
To the Boulevard so quick  
(Know what I'm sayin' a nigga came from nothin')  
Yeah  
(And we don't see this)

Late at night I counted 10 with the lights off  
That shit was dirty I still ain't think 'bout grabbin' the Lysol  
You not in my league if I was Mike I still wouldn't bite y'all  
They didn't care when I was broke declined every phone call  
I'm tryna kill all my windshields  
I see the hate so I just turn on my defrost  
I think 'bout death I'm but still here  
My whole crew, they got hair but I'm still screamin' "We Ball"

I know some niggas rather make the news than BET  
They don't wanna see the dyin' all them niggas know it's beef  
Walk with guns on they side no sidewalk they know the streets  
I was tryna stay strong when Slim died I cried for weeks  
He couldn't swim he just dived in the water  
The lifeguard couldn't save him  
Yea, he couldn't swim he just dived in the water  
The lifeguard couldn't save him  
Took them folks to trial 'cause I'ma buy my whole gang jewelry  
My momma handed me my gun so I know she worried  
Dead faces on me but I don't wear no Ed Hardy  
Only time that lil' hoe see a ring if she meet Jeff Hardy  
I run with crips they probably won't even walk the red carpet  
All my niggas gone they poppin' percs like they a pack of smarties  
40 bullets come from Walmart but still a hit our target  
My jewelers right next door to me I hear 'em throwin' a party  
Snow bunny let me fuck she was energized  
They only care what I rap 'bout they don't feel my inner vibes  
These shoes ain't got no laces how the hell that nigga get mob ties  
Lil' Joe behind the gate I wanna cut the barbwires  
Tryin' ban me from my hood the hell is drum without the sticks  
Dion done robbed the whole planet just to go and get a fit  
Caught 10 on the Jack-sons I tried to tell 'em this is it  
If he shoot at me and miss I get him killed for that brick  
The way that nigga creep they think he a sex offender  
Dirty cups for the hoes who left I put X's in em  
All my shoes came with snakes when I walk I leave venom  
Pull out that pussy like driveway never leave in 'em  
I see the hate is on they face reminded me of dimples  
Assassinate 'em for his watch it was presidential  
Don't sip too strong 'cause this codeine I said I don't remember  
Them long nights stood on that block we was tryna help the center
