

# Dehydrated Love

NoCap

48 turnt

She know she can't pop up on me, she make appointments  
Pulled off in a rental and pull back up in a foreign  
You better not go against the gang, and you damn sure can't join it  
Something was tellin' me to wait, but my feelings kept runnin'

I settle with dehydrated love, can you hold on?  
I hear them angels wakin' up  
I said, I settle with dehydrated love, can you hold on?

I get him gone for this clarity and call it a dead diamond  
I'm alive with this water on, I still see the dead drownin'  
Hang on the rim tight and dunk through the dim lights  
Can't find this keyboard, I'm a whole different type  
The hood got me traumatized, codeine got me energized  
The hood got me traumatized, codeine got me energized  
Hang up on the rim and we gon' dunk through the dim lights  
When the fuck the world gon' feel me?  
I'm tryna tell you, "Hold on"  
When the fuck the world gon' feel me? They prolly never don't  
I barely make the club songs, the shit that beat your trunk  
Came from a vacant, now niggas hate me, I feel like Donald trump  
This for them niggas slidin' when they did time and never told nothing  
Hit the home run for all the ones who was expectin' bunts  
Real estate can't save your life, I'll rather go invest in guns  
Do CPR on the moon 'fore momma have a dead son  
Put that money in the wall, forever I'm a legend  
Surprised she ain't got thirty kids, all I want is income  
Knowin' I'm countin' up this blue check, nigga, all I know is redrum  
Callin' 'round for them Percocets, I'm down to my last two  
He was laughin' in the Instagram comments? Oh, we want his ass too  
You ain't put your mans on, bought ya bitch something, that's a bad move  
(You ain't put your mans on, bought ya bitch something, that's a bad move)

I settle with dehydrated love, can you hold on?

All my enemies targets, not your ordinary artist  
Hope the world don't destroy me  
I just buy it, I on't bargain  
I drive them type of cars I leave at the house with my broad  
While I'm out of town, she keep FaceTimin' me, askin' how to start it  
Get used to it, darlin'  
Nah, I take that back, I don't know how long you gon' be here  
I'ma smoke this opp pack and chief it just like I'm T. Hill  
Plant that money in the ground, and I pour lean up in my root beer  
I put a pit bull in a coupe, it wasn't no motherfuckin' roof here  
Had to get up off my ass, I pay for all my bitches butt lifts  
I'ma natural born leader, now they can't do nothing but cheer  
I know it hurt you to lose me  
You know the trap jump like two, three  
I live my life like a movie  
That shit just cause me to lose sleep

(Oh, nah)  
(Oh, nah)
