

## Don't Panic

NoCap

1300 on some shoes, nigga that's footwork  
I don't ever see her attention, she from Fort Worth  
She tryna fuck me just to find out my net worth  
I had the pussy, I'm tryna find out do that neck work  
Chains on, I know I'm lookin like my neck hurt  
Water on the watch, don't panic, aye  
Water on the watch, Titanic, aye  
They left a nigga broke, I was stranded  
.223's with the scope don't get your mans hit

Fly as heaven, why that nigga ain't landed?  
A lady can't do it I'm drippin' like a mannequin  
I'm not a movie star but I been off Actavis  
She sell her soul just to see how much cash I get  
I drew planets on my money, it wasn't fittin' in this  
How you always startin' beef but we finish it?  
Wanna stop rappin' sometimes I don't be feelin' this shit

Seen my nigga Duke dead on the cement  
That girl blind, I fill her face up with semen  
Nigga I be gettin' money for a reason  
Chase it, I ain't gotta bank with Regent  
Don't get stung, club gotta couple bees in it  
Don't get smoked, club gotta bunch of C's in it  
Nigga what the fuck is beef if you ain't season it?
