

## Drumsticks

NoCap

Every time that it was drums we bought sticks nigga  
I came from apartments seen six figures  
Now I walk around like I'm the shit nigga  
They thought I would be nothing now I'm way bigger  
Way way bigger  
Aye, Church full of killers  
Same niggas doubted me is the same niggas need me  
I ain't got no smoke with them if them fuck niggas breathing

I walked in with can't tomorrow I might swipe it  
Can't get my phone number I told that bitch just Skype me  
I always knew that I'd be rich I'm a psychic  
I tried to pay her for that pussy but she like me  
My whole outfit Gucci and I'm so icy  
I'm sippin' hunnids out of line I could've bought some Nikes  
Ain't no telling what I'm trippin' in  
Socks probably higher than my outfit  
Don't settle down with no bitch in a room full of couches  
Backwood doodies, I mistaken it for some roaches  
I still can turn her into Beyoncé if she strip club focused

Every time that it was drums we bought sticks nigga  
I came from apartments seen six figures  
Now I walk around like I'm the shit nigga  
They thought I would be nothing now I'm way bigger  
Way way bigger  
Aye, Church full of killers  
Same niggas doubted me is the same niggas need me  
I ain't got no smoke with them if them fuck niggas breathing
