

# First Day In

NoCap

(Cam J with the heat)  
(Turning myself in tomorrow  
I know I might wake up in my cell and try to put my chain on  
Probably my watch too)  
Yeah

Rocking all these chains, it ain't nothin' to it  
Racks up in the bank, it ain't nothin' to it a nigga  
Really, shit ain't changed, I just got a little bigger  
I feel them actin' strange, I might kill one of my niggas, yeah

Safe to say, I'm on the road to riches  
I know it's roadblocks  
Safe to say, I'm on the road to riches  
A couple stop signs  
Turned myself in Off-White  
Tell myself that it's alright

Kept a gun on my hip boy  
You wouldn't make it on my side  
Rolex water like I baptized it  
My hood hot but it's worse than Isis  
Niggas in the box like they Mike Tyson  
I know that I ain't perfect  
You ain't gotta go home just to get behind these curtains  
NoCap made the wave, all these rappers started surfing  
Smiles on my face when I'm sad and I'm hurting  
I been had lost my feelings back when Fred got murdered  
Seen a nigga dissing me on the internet today  
I ain't let them hang around me, I guess he felt played  
I can't try to go against him, it was all in his face  
Staying strong, staying humble, you don't know what it take  
Niggas try me everyday and them niggas turned haters  
I let 'em try, you don't know how many times I tried to save 'em  
Me and ghetto got the same struggle, got the same prayers  
In the hood, don't know how to leave  
It's a crime that nobody seen  
If I'm crying, don't let nobody see me  
Ayy, I think all niggas wanna be me  
No regrets, I have my own reasons  
Chase that money, I want my own region  
Started balling, wrong ones started playin' defense on me  
You don't wanna see me with that bag, huh?  
Treat that coupe just like a app, quick to crash on you  
He thought that I was just a rapper but I was layin' on you  
I get fly, fly, fly, you better hope that I don't land on you  
Hey, for the right, right price, I put your own mans on you  
16 hundred, Ima stand on it

Rocking all these chains, it ain't nothin' to it  
Racks up in the bank, it ain't nothin' to it, nigga  
Really, shit ain't changed, I just got a little bigger  
I feel them actin' strange, I might kill one of my niggas, yeah

Safe to say, I'm on the road to riches  
I know it's roadblocks  
Safe to say, I'm on the road to riches

A couple stop signs
