CashMoneyAP

Tomorrow I might go buy an AP watch  
I feel it's my time, yeah  
All the way in LA, chillin' with the vibes  
I'm still clutchin' my nine, yeah  
Spendin' paper 'til that money get dizzy, yeah  
They know I'm back, I'm screamin', "Ricky," yeah  
Who would've thought this rap would make me rich, yeah  
When it don't feel real, you can't embrace this shit

Who the fuck lied and said I needed you?  
I'm in Saint Laurent, lil' ho, and I got on Yeezy shoes  
Backend Taliban, Saks Fifth with a light ten  
Lean in the picture, strikeout  
Loyal to y'all Percs, Adderalls  
Nigga, I ball like child  
Don' add me, I'ma buy different rings  
Get to the green, yes sir, that's by any means  
Tell 'em free Lil Joe, hope he see me on the TV screen  
Buy my mama whatever she wanted  
Thank God, I told him he owe us  
I still can't pick Slim up in the morning, yeah  
Ain't even gotta speak, wonder what I'ma buy today  
If it ain't real I'ma brush 'em off, he just tryna ride the wave  
He got on so much Gucci, he must sign to Project Days  
I ain't never met Renni Rucci, I just think she so amazing

Tomorrow I might go buy an AP watch  
I feel it's my time, yeah

I'm still clutchin' my nine, yeah  
Spendin' paper 'til that money get dizzy, yeah
