

Wouldn't be the same if he only knew
Get only one life, livin' like we got two
Go to jail or die, its like that's all we do
Watch how I win right before we all lose
Imma take my momma different places
Yeah, bitch bet not approach me like I'm basic
Yeah, she bet not approach me like I'm average
God blessed me, this some shit I didn't image

Get on my knees every night, I'm still here so I know god real
Never been to Vegas but I been smokin' all these Garcias
Ko up in the grave but I know he in my heart still
Can't never leave the house without my metal it got my heart st

Throw dirt on me, act like I ain't here it but I was all ears
Shoebox, need no bank, I still do shit I can't
Heroin in my veins, I-I don't feel the same
Young nigga caught him a body, shit never got picked up
Imma buy a new watch for every time CO fucked my wrists up
Yeah, they know that we poppin
So they gon diss us
Yeah, referee NoCap, Im so official
Won't sign no deal unless you coming out familiar
I barley talk, its like im always in my feelins
She gon' fuck me, suck me good to get her nails done
Fuck the system, they tryna convict me all these felonies

Wouldn't be the same if he only knew
Get only one life, livin like we got two
Go to jail or die, itslike that's all we do
Watch how I win right before we all lose
Imma take my momma different places
Yeah, bitch bet not approach me like I'm basic
Yeah, she bet not approach me like I'm average
God blessed me, this some shit I didn't image
