Save The Day

NoCap

(Ayy, bro, is that Jambo?)
Keep all that

Yeah, you come up out that cage, see the blood all on me (Blood all o
n you)
My scars are amazing, I lost homie after homie
See the blood all on me, know I came up out that cage
Lost homie after homie, know my scars amazing
No, I'm not perfect, I got a heart you can get used to
You hurt me, I still stay, but I wonder, what would you do?
If you can save the day, you would walk away

Wonder why I don't fuck with you, nigga, you can't fuck with me
Gotta get up off these pills, fentanyl killed Lil E
The Gatorade to the game, the cement to the streets
Wings to the damn hawk, water to the epsom salt
The broom to the damn house, the vroom to the Trackhawk
Young nigga, big boss, never had a big dawg
Crib like a grocery store, know we came from public housing
Mama, put your head down, pray for me right now

Yeah, you come up out that cage, see the blood all on me (Blood all o
n you)
My scars are amazing, I lost homie after homie
See the blood all on me, know I came up out that cage
Lost homie after homie, know my scars amazing
No, I'm not perfect, I got a heart you can get used to
You hurt me, I still stay, but I wonder, what would you do?
If you can save the day, you would walk away

I'ma set you free 'cause I don't wanna misuse you
So deep in the streets and it's a lot that may confuse you
Been in here with the MAC, but I don't sit on them computers
Bitches fuckin' rats as long as the nigga got some mula
How many times I told you I'm a sniper, not a shooter?
I been in the projects all my life, this shit ain't beautiful (Ain't
beautiful)
I'm the dope to the Pyrex, the heart of the projects
They need me

Yeah, you come up out that cage, see the blood all on me (Blood all o
n you)
My scars are amazing, I lost homie after homie
See the blood all on me, know I came up out that cage
Lost homie after homie, know my scars amazing
No, I'm not perfect, I got a heart you can get used to
You hurt me, I still stay, but I wonder, what would you do?
If you can save the day, you would walk away

If you can save the day, you would walk away
