

## Set It Off

NoCap

She thought she found love I told that bitch to get lost  
Watch me turn a mansion to a trap house  
Yea, watch me turn a dime to 100 racks  
Yea, watch me turn a princess to gnat  
Yea, adderalls got me geeked don't wanna go home, no baseball  
Jackers tryin' rob just to get on, knock his face off  
Hope I don't catch no HIV NoCap he always play it raw  
Johnny Dang, iced out my lil' teeth so I'ma set it off

No cancer patient my niggas wanna see me ball yea  
Parked that i8 in the hood I will not garage it  
Pay Lil' Joe to do the chalk then I bought another jet  
Lil' bitch say that I'ma dawg so I pull up in a vet (skrt)  
Old money I bury that shit with dinosaurs  
After I fuck you once won't be the same no more  
Bring three of yo' friends that's all I'm really askin' for  
[?] but after the sex our connection poor  
Play with the gang it's on sight put my niggas on  
But I'm still rockin' Off White  
Get to this jacks and steal on it when I'm off mic  
Tote 223s like I took the jersey off Mike  
I cannot let you be yourself give me all of you  
After I jab you can't walk like a the dancing crew  
I always move around with sticks like I'm hangin' with glue  
Ain't talkin' Jamie, I'ma air 'em 'til he on fox news
