

Spinal Chords

NoCap

Kel
Aye

We back like spinal cords
Won't move, fly these shores
Aye, and we do nothing, girl, I just wanna grow
I tell you secrets that my homie's don't know
Aye, flooded out matching Rollie's
Most are free, don't notice
Can't do this strip, might O.D
I dive in, drown in codeine, yeah
I'm tryna make you happy
I'm tryna be your protein, yeah (Aye)

Hey, purses whenever you want
Ass whenever you want
You really don't need all that money
I like how you look in the morning
Put your make-up on, and your see-through dress
You done did it right now
Can't wait for night to fall
And it ain't really 'bout the business
And it ain't really 'bout my energy
I'm in the studio, I'm grinding
You hate the mic got my attention
I'm on the road, I'm doing me
But for some strange reason
All I can think about is you
When I'm packing up and leaving, oh

We back like spinal cords
Won't move, fly these shores
Aye, and we do nothing, girl, I just wanna grow
I tell you secrets that my homie's don't know
Aye, flooded out matching Rollie's
Most are free, don't notice
Can't do this strip, might O.D
I dive in, drown in codeine, yeah
I'm tryna make you happy
I'm tryna be your protein, yeah (Aye)

Yeah (Yeah)
You should come explore life with me
Please don't be close-minded (Nah)
Jump on a plane and fly to me
Roll with me (Wha?)
With no seat (Wha?)
I mean that when I'm inside it (When I'm inside)
Sexy as hell, lemme tell ya (Ooh)
You're my breakfast and dinner (Yeah)
You're my meal as soon as you hit the door (The door)
And I want this forever
Don't think that's not better for me
But let me show you I'm your man for life

We back like spinal cords (Yeah, yeah, we back)
Won't move, fly these shores (Fly these shores)

Aye, and we do nothing, girl, I just wanna grow (Grow)
I tell you secrets that my homie's don't know (Know)
Aye, flooded out matching Rollie's (Rollie's)
Most are free, don't notice (Notice)
Can't do this strip, might O.D (O.D.)
I dive in, drown in codeine, yeah (Codeine)
I'm tryna make you happy
I'm tryna be your protein, yeah (Aye, yeah)

Ooh

Aye

Oh
