

Stop Spinnin

NoCap

(Al Geno on the track)

Woah-oh

Adjustin' to the fame and the pain
It ain't workin', I ain't perfect
I just hope it's all worth it
When Slim left, it's like my world stopped spinnin'
I lost it all, I don't know how I'm still winnin'
It's like the hate became a trend to the ones that's around
Woah-oh-oh

Was kinda happy in a cell, didn't have that fake shit around me
Woah-oh

I woke up stuck in a jail, went to reachin' for my Cuban links
Ayy, they say them niggas strapped
We got guns too, I'm really lettin' you know it's just you and
me, woah

Say Slim got identified by his dentals
I'm tryna kill a nigga and whoever sent him
Remember rollin' through the hood, it was just me and him
I cannot let the opps sleep, I kill the rest of them
Take a heart and I'ma stop one, you ever got a job done?
County jail, I'm givin' time away
NoCap shouldn't have did that, he should've let his homies do it
Stand on my own, just the way I was raised
Would I be wrong if I dig my niggas out of the grave?
Try to stay strong but I just miss when I was seein' they face
Hell of a feeling when the judge racist, then you feel your heart racin'
And you don't see no finish line, let the DA finish mine (Woah-oh)

Adjustin' to the fame and the pain
It ain't workin', I ain't perfect
I just hope it's all worth it
When Slim left, it's like my world stopped spinnin'
I lost it all, I don't know how I'm still winnin'
It's like the hate became a trend to the ones that's around
Woah-oh-oh

Was kinda happy in a cell, didn't have that fake shit around me
Woah-oh
