

## Take Care

NoCap

Yeah

Dripping in Hermes hope she don't tell  
Dripping in Chanel it don't go on sale  
Watch me burn this cash like I don't care

Yeah

He say he getting money but I can't tell  
First, I was broke they ain't hit me on my Nextel  
The party don't start until I get there  
I bag that little boy up like a Arab

Left off all my old friends and told them take care  
I didn't have time for them so I'm going to buy a Richard Mille  
I use to pray for times like this I really reached a Million  
That plate was way over there I had to reach a meal  
Don't know why the hell I didn't think Fred wouldn't leave here  
I'm having withdrawals I really can't get off these pills  
I always hear they envy hate just get out my ear  
I'm counting check since I know how a broke nigga feel  
God is the only man that I fear  
Cameras on that new whip so ain't really got to watch the rear  
Fake busters left them all cause my watch was real  
My bitch ain't O'Neal but I really hope Shaquille for me

Yeah

Dripping in Hermes hope she don't tell  
Dripping in Chanel it don't go on sale  
Watch me burn this cash like I don't care
