

## I Believe in Goddess

NOFX

I don't believe in God I believe in Goddess  
I don't believe in prayer but I believe in worship  
I don't believe in destiny but I can feel luck  
I don't believe in people cuz they don't give a fuck

I can't like hypotheses I kinda dig laws  
I kinda like defending causes and underdogs  
I like theories of evolution and of design  
I don't believe anything except for decline

I don't believe in finite I think there's an end  
I don't want an afterlife I wanna transcend  
I'm gonna do everything that I want to right here  
I want a life peculiar and I want it severe
