

## Let's Get Hurt

NOFX

I wanna be hugged by you by you  
I wanna be drugged by you  
Ooh when you glare and pull my hair I feel so loved by you

I wanna be plugged by you by you  
I wanna be slugged by you  
I wanna be mugged and drugged and plugged and slugged by only you  
I wanna be hugged and drugged and plugged by only you

I wanna be trained by you by you  
I wanna be caned by you  
I want my body to be bruised and used by only you

I wanna be pained by you by you  
And crack cocaine by you  
I wanna be brained and caned and drained harshly profaned by you  
I wanna be chained tightly restrained and crack cocaine

I'm gonna make you my bitch  
I'm gonna treat you like dirt  
You're gonna be bought and sold  
You're gonna be used and hurt  
You're gonna learn to obey  
You're gonna be black and blue  
I'm gonna be loved by you  
By you  
Worshiped by you

I wanna be stroked by you by you  
I wanna be choked by you  
Ooh with my hands around your neck your face turns sexy blue

I wanna be poked by you by you  
And heroin smoked by you  
You're gonna get stroked and choked and coked maybe piss soaked  
by you  
I wanna be choked and poked and stroked I wanna get hurt  
You're gonna get hurt
