

# My Wife Has A New GF

NOFX

My wife has a new girlfriend  
And I'm not sure what to do  
She has inner like me and a film degree  
She's a punk rock lesbian too

I'm not afraid of her leaving me  
But I'm worried I'll get beaten less frequently  
'Cuz I bet she's got the book of lesbian tricks  
Stroke in the G-spot, sophisticated con legs

My wife stays with her girlfriend  
More often than she stays with me  
She pays when she tires with my arrogance and insensitivity

Obviously she didn't listen to my message  
That was probably the best message I ever sent  
I took the time after finishing nine  
To tell her that I birdied and I'm sure she'll be fine  
The surgery she's having had very high success rate  
And when it's over I'll be there by her side before eight  
Unless of course the game goes late  
'Cuz I like playing golf so great

My wife has a new girlfriend  
I like to call her princess Lebia  
She says I should be reading of cuckolding  
'Cuz that's what's happening to ya

She says she needs someone  
Who will listen to her  
And then I think she said something else  
But it was hard to make out when she was mumbling about  
'Cuz she lures her speech when she's crying  
She was acting like somebody was dying  
As I was falling behind without a sign

My wife had a new girlfriend  
Today they broke up for the fourth time  
I think they'll get together once or twice again  
'Cuz that's a Jewish [?]  
But if you listen to [?] from sobriety  
I'll be [?] sex without violence and anxiety  
When she decided to deny herself the pleasures of life  
She broke up with her new Jewish girlfriend  
And became my ex wife
