

Quart in Session

NOFX

It's funny how nothing seems much fun
Anymore to me now that I quit the drink
'Cause soberness, it might be what I need
But, it's certainly not how I wanna be

Cause nothing seems much fun anymore to me

Consequence never had any time to think
About what shoulda, coulda, happened to me
See common sense
My parents said I never had any
But now look whose got the dough

Cause nothing seems much fun anymore to me

Don't feel like goin' out
Nothing worth singin' about
Missin' the alcohol
No longer born to lose
Put away my party shoes
Missin' the alcohol
Without tonic and gin
Without two vicodin

Nothing seems much fun anymore to me
Nothing seems much fun anymore to me
Nothing seems much fun anymore to me
Nothing seems much fun
Nothing seems much fun anymore to me
Nothing seems much fun anymore to me
Nothing seems much fun anymore to me
Nothing seems much fun
