Noga Erez

Go lay low, stay low, stay cool
Go hate on, that's where I get my fuel
All day, your jelly's my food
I'm coming at you
I'm coming at you
I'm promising none, no burden of proof
I'm a dog, I'm a bitch, and my lingo like, "Woof"
I'm shopping for a shotgun, better get proof
I'm coming at you
If you're happy, don't let me know it, shut up
If you're lonely, I need to know it, crybaby

Please, please don't make me beg
I'm nothing without you, I'm nothing
Crybaby, scream, scream it to my face
I'm nothing without you, I'm nothing
Crybaby, ooh, I'm so over being blue
I'm nothing, I'm a goddamn nothing
Just like you

Scream, ah

Don't say no, hell no, that's rude
No taxman, thanks man, not in the mood
Don't be scared of my nails, I'm cute
I'm looking at you
I need you to watch me getting on my knees
Shout at me, shout at me, say I'm nothing
I'm begging

If you're happy, don't let me know it, shut up
If you're lonely, I need to know it, crybaby

Please, please don't make me beg
I'm nothing without you, I'm nothing
Crybaby, scream, scream it to my face
I'm nothing without you, I'm nothing
Crybaby, please, please don't make me beg
I'm nothing without you, I'm nothing
Crybaby, scream, scream it to my face
I'm nothing without you, I'm nothing
Crybaby, ooh, I'm so over being blue
I'm nothing, I'm a goddamn nothing
Just like you
