

# SAD GENERATION, HAPPY PICTURES

Noga Erez

Oh  
Sad generation  
Oh, now, that's a hard one  
Sad generation  
As a political weapon  
It helps to change the world

Ew, I ain't seen a shower in six days  
Ew, I ain't seen a human being in six days  
Ew, I've been putting on my zombie bitch face  
All the pretty-looking people smiling for the pictures  
This is not addiction, don't you worry bout it, click, click  
Noises stepping in my territory and I click, click  
Yada yada yada, so boring, so I click  
Read one true bedtime story like Slick Rick (Slick Rick)

Smile for me on three  
One, two, three (Cheese)

Sad generation, happy pictures  
Sad generation, happy pictures  
Sad, sad generation, happy pictures  
Boys, girls, ladies, gentlemen

Sad, sad generation, happy pictures  
Boys, girls, smile for me, cheese

We are needy, needy people life is a big casino  
I own a tiny bag of chips, I don't need no libido  
Go incognito and finish in a pillow  
And if I gotta choose a way, I'm doing it Carlito  
I'm the vandalist, mmm, fuck your therapist  
Uh, Freud and I been talking way before your emojis  
And I tell my mama I sold my soul for a tiny fee  
I tell my mama I spent my savings on NFT

Oh, smile for me on three  
One, two, five (Cheese)

Been through the sack, carry that on my back, yeah  
Keep it bottled up, ooh, that's a life hack, yeah  
Trauma dump on homies, bluh like that, yeah  
Peter piper told me, your fake laugh phony  
Balling with no money, an Erehwon told me  
Party, plenty friends, but at home, you be lonely  
Callin' up your mommy, she like, "You don't know me"  
Wait, shh, I'm on livestream  
I be changing all my faces just for my dream  
They got poison on they fingers when they typing  
When they see us at our show and they be smiling

Like, "Oh, Flyana Boss, I love you so much"  
The applause, love the applause, that ain't enough  
What's it take? One little shake, these bitches might break  
What's it take? Bad hair day, I just can't relate, yeah
