

## You So Done

Noga Erez

Softly, just break it to me softly  
Be straight with me but gently  
Tender before you kill me, pow-pow (Oy va'avoy)  
Calmly, I don't freak out in public  
Take me outside and crush me  
Over a cup of coffee, ow-ow

What a joke, what a joke you made me  
What's a queen to a joker? Tell me  
What's a laugh to a self-destructive me?  
What's a prayer to a death wish? You so  
What a joke, what a joke you made me  
What's a queen to a joker? Tell me  
What's a laugh to a self-destructive me?  
What's a prayer to a death wish?

You so done, done, done  
Shut up  
One way to make it stop  
Shut up

Touch without leaving traces  
Scar me in hidden places, inside  
Don't get my mom all worried  
Not now (Kids these days)  
Losers outplay other losers  
Guess what that makes the two of us?  
Rooftop, city shines at sunrise  
I'll let you watch while I jump

What a joke, what a joke you made me  
What's a queen to a joker? Tell me  
What's a laugh to a self-destructive me?  
What's a prayer to a death wish? You so  
Joke, joke, a jo-joke you made me  
A queen to a joker, tell me  
What's home to a claustrophobic?  
What's a sea to a dead fish?

You so done, done, done  
Shut up  
One way to make it stop  
Shut up  
Shut up
