

Don't Lead Me On

Noiseworks

Nice place you got here

Vicious woman with a sweet smile ramble on
Your the kind of sweetheart who wants it all
You can be what you want to and get away with it
To me you are just a pretty face
You don't really think too much

You can lead me to water, but I won't drink
You can take me to bed, just don't lead me on

(Lead me on, lead me on)
Don't lead me on, whoo!
(Lead me on, lead me on)
I don't like it like that

You can tell me stories, I'm all ears
To me it's just repetition, honey, I had it for years
Sweet bar, sweet woman, sweet drinks don't mix
It's the only place I can get my kicks

You can lead me to water, but I won't drink
You can take me to bed, girl, but I won't sink
You can play my guitar, but that's not love
Hey, shining star, just don't lead me on

(Lead me on, lead me on)
Don't lead me on
(Lead me on, lead me on)
Don't lead me on
(Lead me on, lead me on)
Don't lead me on
(Lead me on, lead me on)
I don't like that shit!

Baby, pull over
Ha, ha, ha, ha, ha...
Do you like that little interlude?
Kinda big, huh?
Ow!

See you standing at the bar, she's buying me love
Now what your trying to say, girl, is let's make out
You've had plenty of suckers like me before, yeah
I'm sure you'd think a bit differently about it
If you knew I was poor
Yeah, baby, c'mon!

You can lead me to water, but I won't drink
You can take me to bed, girl, but I won't sink
You can play my guitar, but that's not love
Hey, shining star, just don't lead me on
Don't lead me on

(Lead me on, lead me on)
No, don't lead me on
(Lead me on, lead me on)

Don't lead me on
(Lead me on, lead me on)
Don't lead me on
(Lead me on, lead me on)

(Lead me on, lead me on)
Whoo! Baby...
(Lead me on, lead me on)
Dig it!
(Lead me on, lead me on)
Somewhere over the rainbow
(Lead me on, lead me on)
Where girls sing, ah-ah-ah-ow!

(Lead me on, lead me on)
Lead me on
(Lead me on, lead me on)
I don't like it, I don't like it, come on
(Lead me on, lead me on)
Whoo!
(Lead me on, lead me on)
Oh, lordy, lordy, lord!
