

I'm on my way to you
I'm on my way, it won't be long
Until I hold you in my arms again
I lost you once, baby
You found me twice, you showed me
You gave me back, faith in us

She said
"Give every little piece of your heart
This time, this time
Give every little piece of your heart
And soul" (soul, soul)

Another lazy Sunday
Don't want to leave you Monday
Just keep my heart where you lie
By your side

Another seven days
And I'm gonna give it all I can
In the morning, gonna keep the faith
Now I know what you mean when you say

She said
"Give every little piece of your heart
This time, this time
Give every little piece of your heart
And soul"

Give every little piece of your heart
This time, this time
Give every little piece of your heart
And soul (soul, soul)

Another human in a tidal wave
Just tryna make it through another day
We're on a mission, we can learn to fly
You and I, yeah
Don't look back

Give every little piece of your heart
This time, this time
Give every little piece of your heart
And soul (whoa), a piece of your soul

Give every little piece of your heart
This time, this time
Give every little piece of your heart
And soul (soul)

Don't look back
Don't look back
