

Keep Me Running

Noiseworks

Yeah, you keep me running round and round
We're standing on this shaky ground, yeah, uh-huh
Yeah, you keep me running round and round
You take it all and you tear it down, yeah, uh-huh
As we fight and struggle to survive
Hanging on just to stay alive

Can't you tell me why, babe
We give our all for nothing
Let's find the way to go
(Keep me running)
Can't you tell me why, babe
We give our all for nothing
Let's find the way to go
Shake it up, ow!

If we keep on looking down the track
We'll take the chance to get it right, yeah, uh-huh
As we find it harder to rely
Stay below just to satisfy, yeah, uh-huh
Well, you keep me running round and round
Hanging on just to stay alive

Can't you tell me why, babe
We give our all for nothing
Let's find the way to go
(Keep me running)
Can't you tell me why, babe
We give our all for nothing
Let's find the way to go
(Keep me running)
Can't you tell me why, babe
We give our all for nothing
Let's find the way to go

Hanging on just to stay alive
Yeah, yeah
Do you still want to stay around

Tell me why
(Keep me running)
Tell me why, tell me why, yeah
(Keep me running)
You keep me running
(Keep me running)
You keep me running
Tell me, tell me
Gotta, gotta, gotta, tell me why
Tell me why you keep me running

(Keep me running)
(Keep me running)
(Keep me running)
(Keep me running)
