

No Lies

Noiseworks

Ooooooooooh, Ooooooooooh, Ooooooooooh, Ooooooooooh

You send invitations I
Don't want again
I find everything's a game
You try your way

Don't say you're feeling lonely
You say you need me
You can't leave it alone
But I know you're the same as always

No lies no lies
Do it again
I say no lies no lies
Do it to me
I know no lies no lies
Do it again
I say no lies no lies
Do it to me

You send situations I
Don't want again
I'm finding my own way now
Without you there

Don't need your conversation
Although you need me
I've been there before
But I know you're the same as always

No lies no lies
Do it again
I say no lies no lies
Do it to me
I know no lies no lies
Do it again
I say no lies no lies
Do it to me

No lies no lies
Do it again
I say no lies no lies
Do it to me
I know no lies no lies
Do it again
I say no lies no lies
Do it to me

No lies no lies
Do it again
I say no lies no lies
Do it to me
I know no lies no lies
Do it again
I say no lies no lies
Do it to me

No lies no lies
Do it again
I say no lies no lies
Do it to me
I know no lies no lies
Do it again
I say no lies no lies
Do it to me

No lies no lies
