

# Only Loving You

Noiseworks

Funny hearing you  
And spinning all your lies  
I can read your mind  
I can see right through  
The tales beneath your eyes  
I'm watching you  
Feel it too, feel it too  
I can't believe it  
Feel it too, do ya want me too  
I can tell you

I'm only loving you  
Only loving you

Love to hear your tales  
Whatever's on your mind  
You can tell me anytime  
'Cause I can sit right through  
And hear about your day  
If ya want me to  
Feel it too, feel it too  
I want your loving so badly, yeah  
Feel it too, do ya want me too  
I can tell you

I'm only loving you  
Only loving you, yeah  
I want you, yeah  
Only loving you, you

Only loving you, yeah  
Only loving you, yeah  
I want you, yeah  
Only loving you, you

I want you  
Only loving you  
Only loving you, girl, yeah  
Only loving you, you

I want you  
Only loving you  
Only loving, only loving you, girl, yeah  
Only loving you, you, you, you, you
