

# Hard Reboot

Noize MC

It never feels like you are ready  
To let 'em nail you to the rood  
Say "Hi" from Judas to the forgiving Daddy  
It's time to start the Hard Reboot  
It never feels like you are ready  
To let 'em nail you to the rood  
Say "Hi" from Judas to the forgiving Daddy  
It's time to start the Hard Reboot

The edge is closer than nearby, humans don't fly  
But what to do when you get nothing, but your right to try?  
Light doesn't hurt your eyes when you got nearsight  
So, if you feel pain, your vision is alright  
Don't be afraid of removing stains from your lens  
Waive your wings, flap your hands  
Your enemies and fair-weather friends  
Think there is no chance  
But until you come to nothing nothing ends  
Keep on falling like a shooting star  
Learning who you really are  
This reboot is gonna be hard  
The remaining time changes digits on the progress bar  
The edges farther than way too far

It never feels like you are ready  
To let 'em nail you to the rood  
Say "Hi" from Judas to the forgiving Daddy  
It's time to start the Hard Reboot  
It never feels like you are ready  
To let 'em nail you to the rood  
Say "Hi" from Judas to the forgiving Daddy  
It's time to start the Hard Reboot

Wipe the whole slate clean  
And start again, friend  
'Cause most can't see what we all been in  
And no-one could tell how it all might end  
But I know frankly that they ain't gon' win  
Yeah, justice sleeps deep or so I'm told  
And all the secrets that she keep may unfold real slow (oh)  
In due time when her hand is shown  
The ace is hidden up her sleeve and gon' stop the show  
Place your bets, step up son lay your chips down (chips down)  
I like the long odds, dark horse to take crowns (take crowns)  
Anyone swear they on top ain't safe now  
Hard reboot, can't compute, it's the take down

It never feels like you are ready  
To let 'em nail you to the rood  
Give Judas' best to forgiving Daddy  
It's time to start the Hard Reboot

It never feels like you are ready  
To let 'em nail you to the rood  
Say "Hi" from Judas to the forgiving Daddy  
It's time to start the Hard Reboot  
It's time to start the Hard Reboot
