

Double Life

Nolan Taylor

Lay down, can we take this slow
Yeah, wrap your arms around me and don't let me go
It's almost 3 AM and this don't seem right
Yeah, you don't have to go home, you can stay the night
Won't you stay the night

So I'm alone again inside of my own mind
Yeah when is everything gonna be alright
You keep sayin' everything's gonna be just fine
Well it's not tonight

I know this is complicated
I can't get this off of my mind
This double life we're leading
You and I both know this ain't right
So won't you stay the night

So kick your shoes off dear
We can retreat to the den
Yeah, my woman I don't want this night to ever end

Do I keep waiting here
For your call each night
Yeah just hopin' that it's you on the other line
You said I'm on my way over and I'll stay for life
I swear this nightmares over it's just you and I
